

VE4

The Video Insight VE4 allows users to leverage their existing analog video infrastructure while offering a transition to IP based systems.

The VE4 is a four port video encoder that supports NTSC based cameras. Each VE4 comes bundled with a 4 camera license of the Video Insight enterprise class IP Camera Software.

Specifications

Inputs	4 BNC video inputs
IP Camera Licenses	4
Compression type	MPEG-4, MJPEG
Resolutions	D1, 2CIF, CIF, QCIF
FPS	30 Per channel @ D1
De-interlacing	Hardware Encoding Engine
Audio	
Inputs	4
Compression	G.711
Intergration	
Digital Inputs	4
Digital Outputs	4
PTZ Support	RS-422/485
PTZ Protocols	American Dynamics, Bosch, Kalatel, Panasonic, Pelco D/P, Samsung
Networking	10/100 Base T
Physical	
Dimensions	5.4" (W) x 1.5" (H) x 7.2" (D)
Weight	~1.5 lbs
Operating environment	
Temperature range	0 °C ~ °60 C (32 °F ~ 140 °F)
Humidity	Up to 85% RH (Non-condensing)
Power	
Power inputs	12vDC
PoE Support	No
Power Usage	848ma @ 12V
